The Association of Malaysian Environment-Behaviour Researchers (AMER), the main organiser, with the co-organisers, ABRA (Association of Behavioural Researchers on Asians/Africans/Arabians) and cE-Bs (Centre for Environment-Behaviour Studies), Faculty of Architecture, Planning & Surveying, Universiti Teknologi MARA, Malaysia, congratulate the many that made this conference possible. In particular the distinguished Keynote Speaker, International Scientific Committee / Editorial Team, Breakout Chairs, and the paper contributors,

Thank you all !

Foreword

The GameChanger 2021 (#GC2021) initiated in early 2021 is to increase our publications to be contributed by multi-national authors. We believe the initiative would tremendously increase the chances for those publications to be indexed by more reputable indexing bodies, such as Scopus. As such, commencing 2021 only multi-national authored contributions shall be accepted for publications.

Anticipating it could be a daunting task among authors to include other nationals as co-authors from abroad, a list of global potential co-authors was displayed on the conference web. It is hoped that the authors could network, ultimately contributing their papers together.

This 10th Asian Conference on Environment-Behaviour Studies, AicE-Bs2022CKotaKinabalu, our 38th international conference to be organised, managed to attract an overall total of 91 numbers of abstracts. Out of the total, 7 abstracts were rejected due to non-compliance.

The #GC2021 initiative seemed to have continuously borne fruits. Of the 84 abstracts approved, authors from 21 countries contributed. All the abstracts were contributed by Malaysia as the first authors. Countries which co-authored with Malaysia involved Indonesia (46 numbers), Australia (6), Nigeria and United Kingdom (4 each), China (3), Iraq, Pakistan, United Arab Emirates, and United States of America (2 each), and 1 each from Afghanistan, Bangladesh, France, India, Japan, Philippines, Qatar, Saudi Arabia, Sri Lanka, Tanzania, and Thailand.

The abstracts were finally transformed into 61 approved papers. The papers approved were simply grouped generally under 15 sub-categories, although quite a number could have been easily placed under more than one category. The top three categories in order of popularity involved the following environments: -

Health / Healing Environment (14 papers or 25%), Commercial/Retail/Services Environment (6 papers) and Working Environment (5 papers)

Hopefully this conference will inspire and encourage more researchers to participate in our forthcoming serial conferences.

Thanks again for your continuous support as always, and hope for an enlightening conference !

International Organisation

ABRA

Association of Behavioural Researchers on Asians / Africans / Arabians

<https://amerabra.org>

Upon tremendous responses shown by researchers involving behavioural studies on Asians living in both Asian and non-Asian countries presented during the AcE-Bs / AicE-Bs conferences held since 2009, the formation of ABRA, an international organisation was considered necessary and timely.

To propel further internationalisation, the cE-Bs had during AicE-Bs 2010 Kuching, Malaysia, 7-9 December 2010 mooted the idea for the formation of an international organisation, ABRA (Association of Behavioural Researchers on Asians). Following the successful registration of AMER, and further interest expressed by representatives from several countries during the recent AcE-Bs 2012 Bangkok, a formal meeting amongst ABRA representatives was held during AicQoL2013Langkawi.

ABRA was finally formalised as an international research organisation by the Malaysian Registrar of Societies on 20th October 2014, with AMER as the Permanent Secretariat, headquartered in Shah Alam, Malaysia.

Since Jun 2020, ABRA is represented in 10 countries worldwide namely, Egypt, India, Indonesia, Iran, Malaysia, Morocco, Nigeria, Saudi Arabia, Taiwan, and Turkey. One benefit in becoming an ABRA member is the huge discount given to members who attend forthcoming activities to be organized. The discount given to members would more than pay back members' annual fees.
