About the Conference

Background

The AMER (ABRA Malaysia) support for the AcE-Bs and AicE-Bs conferences, initially organised by the Centre for Environment-Behaviour Studies (cE-Bs), FSPU, UiTM, Malaysia, and co-hosted by international colleagues within the Environment-Behaviour (EB) disciplines, have been held and planned to be away from Malaysia, worldwide.

There is a need for an annual serial internationally very relevant behavioural-themed conference in/nearby Malaysia, not only for the benefit of AMER / ABRA local members who could not participate at the AcE-Bs and AicE-Bs conferences being held worldwide, but also for potential international participants who would like to present their papers in/nearby Malaysia. What behavioural-themed can be most relevant affecting all nations than the QoL (Quality of Life)?

Thus, the timely and relevance of the Annual Serial Landmark International (ASLI) Conferences on QoL, back-to-back. The AicQoL, AMER International Conference on Quality of Life. shall be held at the ASEAN venues, while the AQoL, ABRA International Conference on Quality of Life shall be held in non-ASEAN countries. AicQoL is also strategized to coincide with AMER's AGMs.

The maiden AicQoL2013Langkawi, Malaysia was held on 6-7 April 2013. That was followed by:-
AicQoL2014KotaKinabalu, Malaysia, 04-05 January 2014

International Organisations

ABRA

Association of Behavioural Researchers on Asians

<https://amerabra.org>

Upon tremendous responses shown by researchers involving behavioural studies on Asians living in both Asian and non-Asian countries presented during the AcE-Bs / AicE-Bs conferences held since 2009, the formation of ABRA, an international organisation was considered necessary and timely.

To propel further internationalisation, the cE-Bs had during AicE-Bs 2010 Kuching, Malaysia, 7-9 December 2010 mooted the idea for the formation of an international organisation, ABRA (Association of Behavioural Researchers on Asians). Following the recent successful registration of AMER, and further interest expressed by representatives from several countries during the recent AcE-Bs 2012 Bangkok, a formal meeting amongst ABRA representatives was held during AicQoL2013Langkawi.

ABRA was finally formalised as an international research organisation by the Malaysian Registrar of Societies on 20th October 2014, with AMER as the Permanent Secretariat, headquartered in Shah Alam, Malaysia.

ABRA is now represented in 7 countries worldwide namely, Egypt, India, Indonesia, Iran, Malaysia, Taiwan, and Turkey. One benefit in becoming an ABRA member is the huge discount given to members who attend forthcoming activities to be organized. The discount given to members would more than pay back members' annual fees.

AMER (ABRAMalaysia)

Association of Malaysian Environment-Behaviour Researchers

<https://amerabra.org>

AMER was formally registered in Malaysia on 27th January 2012. The establishment of AMER (ABRAMalaysia), the membership of which is also opened to non-Malaysians, was to meet amongst others the following objectives:-

- 1) To represent Malaysia as the nation's official NGO on matters pertaining to the research and consultancy works that involve all Environment-Behaviour studies (EBS).
- 2) To widen networking and co-operation in the field of EBS with institutions, establishments and universities both nationally and internationally.
- 3) To create the nation's database in identifying, registering, administering and

coordinating Malaysian researchers involved in the research and consultancy works that involve EBS

4) To be the nation's hub and source of reference in all matters pertaining to EBS

5) To organize nationally and collaborate internationally, dialogues / seminars / conferences in EBS

6) To obtain and distribute research grants to registered members.

7) To conduct research and consultancy works that involves all EBS

8) To provide expert services in all matters pertaining to EBS

9) To highlight local/international events /conferences to registered members for their participation.

10) To disseminate research findings and knowledge gathered in the field of EBS in the form of published materials and also electronically.

11) To produce future researchers who shall be experts and competent in all matters pertaining to EBS.
