In particular the paper contributors, International Scientific Committee / Editorial Team, Breakout Chairs, and the distinguished Keynote Speaker.

Thank you all !

Foreword

The GameChanger 2021 (#GC2021) initiated in early 2021 is to increase our publications to be contributed by multi-national authors. We believe the initiative would tremendously increase the chances for those publications to be indexed by more reputable indexing bodies, such as Scopus. As such, commencing 2021 only multi-national authored contributions shall be accepted for publications.

Anticipating it could be a daunting task among authors to include other nationals as co-authors from abroad, a list of global potential co-authors was displayed on the conference web. It is hoped that the authors could network, ultimately contributing their papers together.

This 10th AMER International Conference on Quality of Life, AicQoL2022, our 36th international conference to be organised, managed to attract an overall total of 63 numbers of abstracts. Out of the total, 2 abstracts were rejected due to non-compliance, while 1 abstract withdrew.

The #GC2021 initiative seemed to have continuously borne fruits. Of the 60 abstracts approved, authors from 23 countries contributed. The majority (58 numbers) were contributed by Malaysia, while 1 number each was by Morocco and Taiwan. Countries which co-authored with Malaysia involved Indonesia (24 numbers), Bangladesh (3 numbers), China, Egypt, Nigeria, Saudi Arabia, South Korea, United Arab Emirates (2 numbers each), and Afghanistan, Australia, Germany, Japan, Kurdistan, Libya, Pakistan, Taiwan, Thailand, Turkey, United Kingdom, and United States of America (1 number each).

The abstracts were finally transformed into 50 approved papers. The papers approved were simply grouped generally under 17 sub-categories, although quite a number could have been easily placed under more than one category. The top four categories in order of popularity involved the following environments: - Educational / Learning Environment (8 papers or 16%), Health / Healing Environment (6 papers), and Policy Matters (5 papers).

Hopefully this conference will inspire and encourage more researchers to participate in our forthcoming serial conferences.

Thanks again for your continuous support as always, and hope for an enlightening conference !

About the Conference

Background

The AMER (ABRA malaysia) support for the AcE-Bs and AicE-Bs conferences, initially organised by the Centre for Environment-Behaviour Studies (cE-Bs), FSPU, UiTM, Malaysia, and co-hosted by international colleagues within the Environment-Behaviour (EB) disciplines, have been held and planned to be away from Malaysia, worldwide. There is a need for an annual serial internationally very relevant behavioural-themed conference in/nearby Malaysia, not only for the benefit of AMER / ABRA local members who could not participate at the AcE-Bs and AicE-Bs conferences being held worldwide, but also for potential international participants who would like to present their papers in/nearby Malaysia. What behavioural-themed can be most relevant affecting all nations than the QoL (Quality of Life)?

Thus, the timely and relevance of the Annual Serial Landmark International (ASLI) Conferences on QoL, back-to-back. The AicQoL, AMER International Conference on Quality of Life, shall be held at the ASEAN venues, while the AQoL, ABRA International Conference on Quality of Life shall be held in non-ASEAN countries. International Organisation

ABRA

Association of Behavioural Researchers on Asians / Africans / Arabians

<https://amerabra.org>

Upon tremendous responses shown by researchers involving behavioural studies on Asians living in both Asian and non-Asian countries presented during the AcE-Bs / AicE-Bs conferences held since 2009, the formation of ABRA, an international organisation was considered necessary and timely.

To propel further internationalisation, the cE-Bs had during AicE-Bs 2010 Kuching, Malaysia, 7-9 December 2010 mooted the idea for the formation of an international organisation, ABRA (Association of Behavioural Researchers on Asians). Following the successful registration of AMER, and further interest expressed by representatives from several countries during the recent AcE-Bs 2012 Bangkok, a formal meeting amongst ABRA representatives was held during AicQoL2013 Langkawi.

ABRA was finally formalised as an international research organisation by the Malaysian Registrar of Societies on 20th October 2014, with AMER as the Permanent Secretariat, headquartered in Shah Alam, Malaysia.

Since Jun 2020, ABRA is represented in 10 countries worldwide namely, Egypt, India, Indonesia, Iran, Malaysia, Morocco, Nigeria, Saudi Arabia, Taiwan, and Turkey. One benefit in becoming an ABRA member is the huge discount given to members who attend forthcoming activities to be organized. The discount given to members would more than pay back members' annual fees.
